

## Water Sample Testing

There is another source for getting water samples tested in Thurston County besides the County itself. Dragon Analytical Labs is located at 530 Ronlee Lane NW, Olympia, WA, 98502 – the Mud Bay Industrial park. Their phone number is 360.866.0543. Word has it the service is great and the parking is easy.

Thanks to Connie at Windermere for sharing this resource!
